Account Number: .

Dear Water Customer,

The Municipal Authority of Westmoreland County (MAWC) will begin to supply drinking water from a new water supply line from the Greater Johnstown Water Authority (GJWA) on or about December 13, 2012. Customers in the following communities who receive their water from MAWC will be supplied with this water; Ligonier Borough, Laughlinton, Laurel Mountain Borough, and parts of Ligonier Township.

Beginning on or around December 13, 2012 MAWC will be flushing the distribution system in the above communities to remove any sediment or discoloration caused by the reversing of the flow of water from the new water line. If you notice any discoloration of your water, please run the water until it clears. We are sorry in advance for this inconvenience.

Thank you for your assistance and understanding.

For more information on MAWC, please see the MAWC website at www.mawc.org.

Sincerely,

MAWC Customer Service
